

## Questions and Answers 2005 CRT-Alternate Test Administration

It is suggested that teachers administering the 2005 CRT-Alternate use the first week of the testing window (Feb. 14 - Feb. 18) to prepare for the administration. This includes previewing the administration manual, the test booklet, the training CD, and the materials packet.

During the week of Feb. 14, Question and Answer conference calls hosted by Gail McGregor and Judy are scheduled by grade. Below are the dates, times, phone numbers, and instructions.

### Instructions

- You may call any time within the 2:00 - 4:30 window
- When you call you, will be asked enter a password and say your name
- Once you are accepted into the call, your attendance will be announced. It will also be announced when you leave. Arrivals and departures will be heard by everyone on the call; as soon as each announcement is complete, we will continue with the call.
- Although we have multiple ports, there will not be enough for everyone. Please ask your questions and feel free to stay on the line for follow-up questions. We do ask that you not stay on the line for the entire conference call; however, if you think of another question, please call back.
- It is possible you will receive a busy signal when you call. If you do, please try again.

If you cannot participate or have questions later on, we are working on a test administrator list serve. When/if we have it running, we will contact you.
